

GLOBAL LEARNING SPACES SUPPORT

TECHNOLOGY TRAINING

Users choose from on-demand, virtual, or in-person training focused on connecting to and using classroom technology.

PEDAGOGICALLY-FOCUSED TRAINING

Faculty learn new methods for increasing engagement and interaction, such as teaching with Microsoft Teams or using in-class polling.

IN-THE-MOMENT SUPPORT

GLS in-room support is available during the first weeks of the term, and QuickStart Guides are in each room to provide connection guidance.

TROUBLESHOOTING HELP

Help is available for users who anticipate a problem before class or for those who want to figure out solutions after a classroom session.
